### WINE INFORMATION SHEET

### REGNIE Coteaux de VALLIERE

**Yield:** 35 to 40hl / Hectare

**Grape variety:** Gamay Noir à Jus Blanc

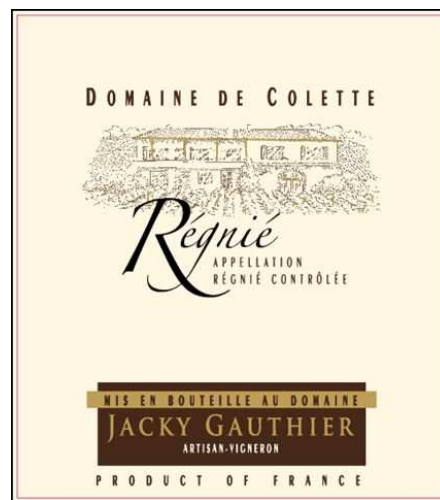

**Soil:** Pink granite  
Very stony

**Aspect:** South

**Plot age:** 60 years

**Keeping:** from 7 to 10 years

**Manual harvest**

Vallière is a plot that gives distinctive bunches of **small grapes** (millerandage or hen and chickens), resulting in a wine with silky tannins.

**Selective sorting** of the harvested grapes before vatting **on a sorting table**, followed by **whole bunch vinification** with temperature control. We stick to 10 day vatting.

**The bunches are kept whole throughout vinification**, the pneumatic pressing, drawing off part of the juice to give greater concentration. Maturing is in cement vats before bottling in the following April or May, depending on the vintage.

This Régnié pairs well with:

- Game
- Red meat
- Ewe and goat's milk cheese ...

Served at 14° or 15°
